

# Non-Resident Participation Fee

\$20.00 per Non-Resident Family

The Lower Nazareth Township Board of Supervisors has mandated the collection of a non-resident participation fee from each family participating in a LNRA (Lower Nazareth Recreation Association) sports program. This fee is collected by each organization, and along with the participant's roster, submitted to the Township for review. The Township has assured each organization that it will audit the addresses of all participants & if the organization has not submitted the necessary funds, as they determined it should be, the organization will NOT be issued the necessary use-permits to field their programs.

Whether you agree or disagree with this fee assessment, we urge you to be honest about the township within you live, and, if you do not live in Lower Nazareth Township, provide the appropriate \$20.00 fee at time of signups.

The Lower Nazareth Wildcats welcome all willing participants, regardless of residency. This participation fee is not providing any financial benefit to the football or cheering program directly. All participation fees collected will be provided to the Township in full and is intended to support field maintenance. Thank you for your understanding and cooperation. If you should have questions, please contact Bob Hicks.
